

# Transport Problems

## INTERNATIONAL SCIENTIFIC JOURNAL

Volume 13 Issue 1

### CONTENTS

	Page
1. Arinicheva O., Dalinger Ya., Malishevskii A., Sukhikh N., Khoroshavtsev Yu.: Objectification of subjective estimation of abnormal cases danger in air traffic control ...	5
2. Kozlov P., Timukhina E., Tushin N.: Coordination of locomotives turnover and servicing modes.....	19
3. Krile S., Maiorov N., Fetisov V.: Forecasting the operational activities of the sea passenger terminal using intelligent technologies.....	27
4. Stoilova S., Nikolova R.: An application of AHP method for examining the transport plan of passenger trains in Bulgarian railway network.....	37
5. Vaičiūnas G.: Assessment of railway lines: an efficiency rating analysis for Baltic countries .....	49
6. Liudvinavičius L.: The methods of reactive power compensation in the 25 kV, 50 Hz contact network .....	59
7. Trykoz L., Kamchatnaya S., Pustovoitova O., Atynian A.: Reinforcement of composite pipelines for multipurpose transportation .....	69
8. Engler E., Gewies S., Banyś P., Grunewald E.: Trajectory-based multimodal transport management for resilient transportation.....	81
9. Makarova I., Shubenkova K., Mavrin V., Buyvol P.: Improving safety on the crosswalks with the use of fuzzy logic.....	97
10. Oliskevych M.: Optimization of periodic unitary online schedule of transport tasks of highway road trains .....	111
11. Danilov I., Popova I., Moiseev Yu.: Analysis and validation of the dynamic method for diagnosing diesel engine connecting rod bearings .....	123
12. Zboinski K., Golofit-Stawinska M.: The impact of primary suspension stiffness of 2-axle bogie of MKIII passenger car on its dynamical behaviour .....	135
13. Dominikowski B., Pacholski K., Anuszczyk J., Gocek A.: Improving metrological properties of electric traction energy meters using fuzzy controllers .....	147
14. Gogiashvili P., Lekveishvili G., Kbilashvili D., Chogovadze J., Dograshvili V.: A logistic service model for disabled persons in mobility by town-service buses .....	159
