

Transport Problems

INTERNATIONAL SCIENTIFIC JOURNAL

Volume 13 Issue 2

CONTENTS

	Page
1. Ziółkowski R.: Speed management efficacy on national roads – early experiences of sectional speed system functioning in Podlaskie Voivodship.....	5
2. Anuszczyk J., Gocek A., Pacholski K., Dominikowski B.: Generating and modeling of braking curve and the assessment of the quality of automatic stopping of the train	13
3. Mendrek M., Grzesik N., Krzyżak A., Kuźma K.: Different defuzzification methods in Guimbal Cabri G2 helicopter takeoff possibility evaluation	27
4. Chislov O., Bogachev V., Zadorozhniy V., Bogachev T.: Economic–geographical method delimiting wagon flows in the region considered: model and algorithm.....	39
5. Muha R., Peroša A.: Energy consumption and carbon footprint of an electric vehicle and a vehicle with an internal combustion engine	49
6. Horbay O., Poliakov A., Hrechaniuk M., Vishtak I.: Dynamic regulation of the percentage composition of the mix diesel and biodiesel fuel	59
7. Buriakovskiy S., Maslii A., Pasko O., Denys I.: Research and development of an electric traction drive based on a switched reluctance motor.....	69
8. Konieczny Ł., Burdzik R., Warczek J., Jaworski R., Śleziak B.: Braking efficiency determined using an accelerometer in the aspect of technical condition of shock absorber	81
9. Jiang S., Yang S., Wu D., Wen B.-C.: Prediction and validation for the aerodynamic noise of high-speed train power car.....	91
10. Andryushchenko A., Kolpahchyan P., Zarifyan A. Jr.: Reduction of electric locomotive's energy consumption by scalable tractive power control	103
11. Labisz K., Konieczny J., Wierzbicki Ł., Ćwiek J., Butor A.: Influence of primary silicon precipitates on anodized aluminum alloys surface layer properties	111
12. Barcik R., Bylinko L.: Transportation demand management as a tool of transport policy.....	121
13. Kulesz B., Sikora A., Zielonka A.: Application of ant-colony algorithm to the issue of improving rectified voltage parameters in electric tram traction.....	133
14. Zhukovyts'kyy I., Pakhomova V.: Research of token ring network options in automation system of marshalling yard	145
