

# Transport Problems

INTERNATIONAL SCIENTIFIC JOURNAL

Volume 15 Issue 1

## CONTENTS

	Page
1. Madleňák R., Madleňáková L.: Multi-criteria evaluation of e-shop methods of delivery from the customer's perspective .....	5
2. Kovalev V., Blyankinshtein I., Morozov D., Kazantsev A.: Analysis of the dynamics of vehicle motion in case of sudden braking connected with damage of the tire.....	15
3. Aleksandrowicz P.: Verification of motor vehicle post accident insurance claims .....	25
4. Natriashvili T., Kavtaradze R., Glonti M.: Modeling of the burning process in the piston engines with various concepts of the working process .....	39
5. Chogovadze J., Gogiashvili P., Lekveishvili G., Kbilashvili D., Mardaleishvili N.: Mathematical modeling of the motion parameters of a disabled person in a bus .....	49
6. Burchart-Korol D., Folęga P.: Environmental footprints of current and future electric battery charging and electric vehicles in Poland .....	61
7. Muhitovs R., Mezitis M., Korago I.: Development of the railway point electric heating intellectual control algorithm .....	71
8. Pshynko O., Radkevych A., Netesa M., Netesa A.: Problems of development of an underground transport infrastructure of cities .....	81
9. Danilov I., Marusin A., Mikhlik M., Uspensky I.: Development of the mathematical model of fuel equipment and justification for diagnosing diesel engines by injector needle displacement .....	93
10. Makarova I., Shubenkova K., Buyvol P., Mukhametdinov E.: A software module for multi-criteria suppliers' selection with respect to the spare parts logistic.....	105
11. Illés B., Véha A., Vida L.: New ideas for inland intermodal transport.....	117
12. Węgrzyn T., Szczucka-Lasota B., Piwnik J., Jurek A.: AHSS steel welding with micro-jet cooling in mobile platforms.....	131
13. Alshannaq M., Imam R.: Evaluating the safety performance of roundabouts .....	141
14. Průša P., Jovčić S., Samson J., Kozubíková Z., Kozubík A.: Using a non-parametric technique to evaluate the efficiency of a logistics company .....	153
