

Transport Problems

INTERNATIONAL SCIENTIFIC JOURNAL

Volume 15 Issue 4

CONTENTS

Part 1

	Page
1. Arinicheva O., Lebedeva N., Malishevskii A.: Application of eye-tracking technology as a diagnostic tool for assessing flight operators. Part 2: A study of qualities important for operators in the aviation industry	5
2. Bęczkowska S., Choromański W., Grabarek I.: Risk and human factor in carriage of dangerous goods by road	19
3. Borawski A., Tarasiuk W., Borawska E., Szczucka-Lasota B., Krzysztoforski M.: Evaluation of the influence of the percentage of copper content on the physical and chemical properties of the friction material	29
4. Mirakhmedov M.: Theoretical bases of impregnation without pressure of meliorants and the application of their features in practice of fixing mobile sands	39
5. Litwin D., Czyżewski A., Galas J., Kryszczyński T., Wikliński P., Rymśa B., Kornalewski L.: Smart photonic guidance system for road safety	49
6. Macioszek E., Kurek A., Kowalski B.: Overview of safety at rail-road crossings in Poland in 2008-2018	57
7. Mutiawati C., Suryani F.M., Faisal R., Ahlan M.: Analysis of pedestrians' sidewalk service.....	69
8. Puchalski A., Komorska I.: Driving style analysis and driver classification using OBD data of a hybrid electric vehicle	83
9. Brumercikova E., Bukova B., Komsta H., Rybicka I.: Multi-criterial evaluation of electronic payment system variants and evaluation of results of an empirical research focused on an electronic payment system.....	95
10. Szablata P., Łąkowski P., Pochmara J.: Moving object detection in car traffic with implementation of optical sensors	105
11. Pasmak I., Renkas A.: Optimization of the duration of emergency vehicle movement to the place of fire.....	117
12. Borucka A., Grzelak M., Świdorski A.: Application of the logistic regression model to assess the risk of death in road traffic accidents in the Mazowieckie Voivodeship ...	125
13. Biliaiev M., Pshinko O., Rusakova T., Biliaieva V., Śladkowski A.: Application of local exhaust systems to reduce pollution concentration near the road	137
14. Pietrzak O., Pietrzak K., Wagner N., Montwiłł A.: Improving seaport competitiveness by creating a connection to the national rail network.....	149
