

# Transport Problems

INTERNATIONAL SCIENTIFIC JOURNAL

Volume 19 Issue 3

CONTENTS

	Page
1. Skiba M.: The tender procedures as a response to resource price increases on the example of tram investments in Wrocław .....	5
2. Smoczyński P., Motyl M., Gill A., Góra I., Tomaszewski A.: The role of employees of the national safety authority in the supervision of safety management systems in rail transport .....	17
3. Czerepicki A., Kozłowski M.: Application of the Bayesian inference method to synthesize urban driving cycle speed schedules using measured data.....	31
4. Shamsul Harumain Y.A., Matsunaga C., Zyed Z.A.S., Azmi N.F., Dali M.Md.: Identifying stakeholders' roles with net-maps: paving safer walks to school for children in Malaysia .....	45
5. Frej D., Jaśkiewicz M.: Head motion analysis of the KPSIT C50 dummy in simulated low-speed collisions.....	59
6. Haryadi B.: Development of a crash frequency model of Indonesian freeways.....	71
7. Dudnik V.: Lifetime determination of ultralight helicopter blades.....	81
8. Szkoda M., Kaczor G., Grzywna M.: A method for assessing the criticality of failures of railway vehicle components using the FMECA method .....	93
9. Grzybowski M., Młyńczak J., Fołęga P., Sokołowska L., Pietruszczak D.: Detection of ladder program unstable states.....	107
10. Giannopoulos A., Mikiki F., Yang M.: Electromobility in small to medium-sized cities and cross-border areas .....	121
11. Hoika T., Korecki Z.: Methodology for creating a high workload simulation exercise for air traffic controllers .....	133
12. Mazurkow A., Homik W.: Operation of a spiroid gear under elastohydrodynamic lubrication conditions.....	141
13. Gajewska P., Szewczyk I., Skrabacz A.: Evaluating and identifying hazards at pedestrian crossings.....	155
14. Masłowski D., Salwin M., Pałęga M., Chmielewski T., Rybczyński W.: The significance of changes in fuel prices in the context of the operations of transport enterprises in Poland and Europe .....	169
15. Macioszek E., Świerk P., Granà A., Sobota A.: Application of a logit model to identify socio-demographic factors influencing the choice of public transport for daily trips – a case study based on the example of the Górnośląska-Zagłębiowska Metropolis (Poland).....	183
16. Georgiev Z., Kunchev L.: Vibration analysis of a MacPherson type suspension system.....	193
17. Skorupski J., Uchroński P., Chruzik K., Krzyżewska I., Letun-Łątka M., Żmigrodzka M., Uchroński J.: Capacity of an airport security screening checkpoint under various operational conditions .....	203
18. Todorov S., Paskaev Y.: Modern trends and innovations in the modernization of railway lines based on experience in the Republic of Bulgaria .....	217
