

Transport Problems

INTERNATIONAL SCIENTIFIC JOURNAL

Volume 19 Issue 4

CONTENTS

	Page
1. Skrabacz A., Bsoul-Kopowska M., Kozicki B.: The application of artificial intelligence in road traffic management and its safety improvement	5
2. Thai N.H., Quan T.M.: Factors influencing individual consumers' intentions to purchase electric vehicles in urban Hanoi	17
3. Ichou S., Veress Á.: A novel optimization approach for enhancing efficiency in aircraft maintenance planning and scheduling	31
4. Macioszek E., Tumminello M.L.: Simulating vehicle-to-vehicle communication at roundabouts	45
5. Myrzakhmetov B., Sładkowski A., Mashatayeva G.: Operating peculiarities of standard cooling systems of engines at high altitudes.....	59
6. Matijošius J., Rimkus A., Gruodis A.: Prediction of the main environmental and energy characteristics of diesel engines using an artificial neural network for pure diesel fuel, pure HVO, and a mixture of these fuels in the ratio 50/50 by volume.....	69
7. Taran I., Alik A., Korobiova R., Grevtsov S., Izteleuova M.: Assessment of the efficiency of methods for transporting perishable foods in the conditions of Kazakhstan	83
8. Witaszek K., Stanik Z.: Evaluation of timing chain quality and its effect on timing system operation.....	95
9. Slavinska O., Razboinikov O., Kozarchuk I., Bubela A., Ivanushko O., Klochan A.: Study of the dynamics of truck movement across a bridge crossing	109
10. Hafenrichter D., Stern S., Gulasaekaran S.: Analyzing the impact of demographic factors and urban density on mode choice in the Greater Brisbane Area	123
11. Ostapkowicz P.: Sensitivity assessment of a gradient-based leak localization procedure for pressure sensor faults using a laboratory model of a transmission pipeline.....	137
12. Lupi M., Conte D., Sarno M., Zoppi S., Farina A.: The evolution of deep sea shipping container routes calling at Italian ports in the pandemic period.....	151
13. Sun X., Zhang J., Wang F., Ran J.: Research on the differentiation of urban residents' low-carbon travel intentions	165
14. Kadikyanov G., Lyubenov D., Ivanov R., Nikolaev P., Staneva G., Minkovska I.: Influence of load on the braking properties of a semi-trailer truck.....	177
15. Ševaldin D., Steišūnas S., Vaičiūnas G.: Creating a plan for implementing measures for increasing railway infrastructure capacity by applying multi-criteria decision-making methods	187
16. Choma L., Cechova M., Sutak L., Arvay F.: Industrial snow and selected economic impacts on the operation of Kosice Airport	201
17. Yüksel T., Öztürk Z.: Synchronization of the last-train timetable considering passenger transfer time.....	215
List of reviewers.....	229
