

Transport Problems

INTERNATIONAL SCIENTIFIC JOURNAL

Volume 16 Issue 4

CONTENTS

	Page
1. Zarifyan A., Mustafin A., Valentseva E., Shapshal A.: Capacity utilization level of freight electric locomotives and evaluation of expense reduction on consumed energy due to modernization	5
2. Maretić B., Abramović B.: The spatial reorganization of an integration transport point: a case study of the city of Šibenik	15
3. Asenov A., Pencheva V., Georgiev I.: Planning and modeling of the time for acceptance and stay of vehicles at the loading and discharging points.....	23
4. Ziółkowski R.: Drivers' speed behaviour in the vicinity of additionally illuminated pedestrian crossings.....	35
5. Buczkowski D., Nowak G.: Modelling the shock absorber piston valve using 2-way fluid-structure interaction.....	45
6. Dąbrowska-Loranc M., Sicińska K.: Survey of pedestrians and car drivers' attitudes at the area of pedestrian crossings over period of time	59
7. Kulig Ł., Tereszkievicz K., Kagan W.: An assessment of the efficiency of selected refrigeration units of vehicles for food transport depending on the operating conditions	71
8. Satybaldiyeva D., Mukhanova G., Yelemessov K., Baskanbayeva D., Satybaldiyev O.: One of the ways to identify the weights of indicators of the fuzzy analytical hierarchy process for determining BSC of an airline company	83
9. Barić D., Džambo A.: An application of the AHP method for evaluation of level crossing design in a congested urban area: case study LC Sokolska in Zagreb, Croatia	95
10. Gogiashvili P., Lekveishvili R., Lekveishvili G.: Improving transportation safety of injured persons by taking into account the biomechanical characteristics of the human body	107
11. Stopka O., Ľupták V., Rybicka I.: Proposal of specific measures in the context of streamlining operating costs in a selected company	121
12. Gorzelańczyk P., Bazela J.: Analysis of pedestrian behavior at crosswalks and evaluation of functioning pedestrian crossings	135
13. Kim J., Jung Y., A., Kamaliyeva Z., Collins N., Sarbassov D., Sagin J., Amanzhlova R.: High-performance high-speed WIM for sustainable road load monitoring using GIS technology	149
14. Chabiera S.: Business model of regional airlines.....	163
15. Stanivuk T., Mahić J., Stazić L., Perdić-Lukačević H.: LNG market and fleet analysis	173
16. Okeke F.O., Echendu I.F., Nnaemeka-Okeke R.C.: Determinants of intra-urban travel in Southeast Nigeria, evidence from the City of Enugu.....	185
17. Merkisz J., Jasiński R., Łęgowik A., Olejnik A.: Exhaust emissions of jet engines powered by biofuel.....	199
18. Krile S., Maiorov N.: Infrastructure changes of the sea passenger port based on a digital transport model	207
